BAPTISTS TO LAUNCH DRIVE WITH LOYALTY DINNER JUNE 5

A Loyalty Dinner will be held by the First Baptist Church at 7:30 Wednesday evening, June 5, in the high school gymnasium as a part of the current every member stewardship canvass which is being headed by chairman, Fred B. Moore Jr. Men of the church will provide the program. A children's party at the church will be entertained with a film and games.

The campaign will be concluded with a victory service Sunday evening, June 16.

The first campaign was held three years ago when the church membership pledged to give \$300,000 to the operative budget and building fund in a 156-week period.

At the time of the initial campaign there was an indebtedness of \$12,000 on the educational unit built in 1957. Following the commitment, committees were appointed for planning the overall enlargement program which consisted of purchase of land, building of a new parsonage, moving and re-modeling the former parsonage for a home for the music-education director, and the construction of a new auditorium, chapel, office suites, additional classroom space and library.

The building was completed and used for the first time on February 11, 1962. Total expenditure for the program was \$270,000.

Records now reveal that more than 50% of the expenses incurred in the building program have been paid with \$330,000 being given during the three year period.

The church also reflects much progress in other areas as 325 additions to the membership have been made during the past 40 months. Also during the past three years, the overall average attendance in Sunday School has shown an increase of 80.

The church is now conducting a program of Stewardship Education which precedes the second every member canvass when three year commitments will be taken to the operative budget and the building fund from each family.

The Rev. Lenard Hartley, pastor, is serving as director of the campaign at the request of the deacons of the church.

Dr. Richardson Tells Grads to Expect Change

by Kathy Hallmark

Dr. Rupert N. Richardson, senior professor of history and president emeritus of Hardin-Simmons University, Abilene, as guest speaker for the Hamlin High School Commencement spoke to the 41 graduating seniors on the subject of "Changes." Dr. Richardson said that we have experienced more changes in the last 25 years than in the previous 5000 years. He stated also that many of these changes have been in the area of education as well as in material wealth and that no longer is the educated man shunned as in the days when "a gentleman never made more a C."

Lou Ann Hawkins, daughter of Dr. and Mrs. E. J. Hawkins, made the valedictory speech. Miss Hawkins said that an educated man was one who was observant enough to keep on learning all through his life, and that education was a

continuous cycle which begins at birth and stops at death still incomplete.

The Rev. Lenard Hartley, pastor, First Baptist Church, gave the invocation, and Mark Smith, salutatorian and son of Dr. and Mrs. M. L. Smith, made the welcoming address.

Also participating on the program was Mary Margaret Maberry, who sang "Recessional" by DeKavon. The class gift, a check for \$200, was presented by O. H. Weaver Jr., class president, and the processional and recessional was played by David Bingham, a junior student son of Mr. and Mrs. Carl Bingham.

The presentation of awards was made by B. V. Newberry, high school principal; C. F. Cook, superintendent of schools; and Fred B. Moore Jr., president of the Board of Education.

Mary Debs Rountree, daughter of Mr. and Mrs. Delbert Rountree, was recognized for having attended school for 12 years without ever being absent or tardy.

The ceremonies ended with the singing of the Piper Song.

Time to Spray Pecan Trees; Aaent

Now is time to spray for the pecan nut casebearer, according to information received this week from County Agent, Kirby Clayton. The eggs are beginning to hatch and the tiny nut casebearers are now feeding on the young shoots below the nutlets. While the insect is feeding on this young shoot is the proper time to apply control measures, says Clayton.

After the young worms feed on the young shoots and buds for a few days, they will begin to bore into the pecans and feed on them. When this happens, it is too late to get adequate control.

Where applying the insecticide, Clayton also recommends applying sink to combat rosette. The two can be mixed together and applied in one application, he said.

Clayton recommended using 3% of 25% wettable malathion plus 3% of zineb per 100 gallons of water. Wettable DDT powder, parathion or Sevin may be substituted for the malathion if desired.

The spray should be applied once or twice at about seven day intervals, says Clayton.

Tax Board Named

The School Board has appointed the Tax Equalization Board for the 1963-64 school year. The board is composed of Robert Fowler, J. E. Josey and Sam Ferguson.

STARTING NEW WAY OF LIFE SENIORS TOLD

The Rev. Jim Boswell, pastor of the First Methodist Church, in giving the Baccalaureate sermon Sunday night to Hamlin graduates stated that receiving the diplomas marked the beginning of a new way of life. He stressed that the young people will now be making decisions for themselves with less guidance from parents and teachers.

He advised them to choose their careers, life partners and fields of service carefully and learn the Bible teachings and live by Christian principles. He urged that Christian morals should be held upmost in all their actions and undertakings.

The invocation was given by the Rev. W. G. Irwin, pastor of the Central Avenue Baptist Church, Mr. Thomas Cudd, minister of the Church of Christ, read the scripture and Rev. Cecil Stove, pastor of the Church of the Nazarene, gave the benediction.

David Bingham played the processional and recessional. Herman McBride, S. L. Tate, Phil Smith and Marvin Carlton sang "How Great Thou Art," accompanied by David Bingham.

The skyline of New York, our largest city, is familiar to everyone. New York has buildings unmatched anywhere in the world, and also leads the nation in many industries. This great city typifies the success and abundance throughout our nation. God has blessed our nation.

"Blessed is every one that feareth the Lord; that walketh in his ways. For thou shalt eat the labour of thine hands: happy shalt thou be, and it shall be well with thee." Psalm 128:12

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Since you don't gather much news spending most of your time in bed, the Fairview news will be short this week. Of course I could tell you about my operation, two weeks ago today, but I have found that at my age most people have had from one to three and aren't even interested in seeing my incision. Of course there was one uncle visiting me offered to let me see his scar, for a look at mine, but at that time I didn't feel up to looking, so I passed the offer up. Seriously, if you have never been sick before, it takes a lot of patience to appreciate the little gain every day brings, but you know that if you stay with it you will be as good as new before too long.

I just want to take the opportunity here to say how much I appreciated all of the lovely flowers, gifts, cards and visits, while I was in the hospital and since coming home. You just wonder some times if you are worthy of all the friendship shown you, but you just resolve to do better yourself, which I hope I don't forget as soon as I am well again.

The big news out our way the past week has been the rain.

that fell last Tuesday night. Four inches of rain, with a good hail accompanying it, wiped out all of the little crops that were up. Most of the wheat was out but that left in the fields received heavy damage, since the hail was small, just right for threshing wheat. This Monday morning the combines are beginning to roll again to salvage what is left.

Cotton was in all stages, from big enough to plow to just finished planting, but it is all gone now and every one will have to plant over. Terraces that had been repaired, or new ones built, are all washed down stream which all goes to prove that nothing is more destructive than a lot of water. Maize will put out, but right now it all look like sudan, it being stripped up so much.

Mrs. Joe Ford reports that they have about finished repairing their house inside and out, from the damage it received a few weeks ago in a storm. It seems that Friday night Mrs. Ford was trying to clean up from the repair men and was lucky enough to have several of her children drop in, and pitched in and soon had the job done.

Mrs. Flavel Holmes attended the graduating exercises for the eighth grade Friday afternoon. Linda Goodwin was the only one out our way to be on the list this year.

Mr. and Mrs. Mel Jones visited with Mr. G. W. Wainwright, in Stamford Hospital Saturday morning. They reported him as eating good, and seeming to be doing pretty well.

Since services are always dismissed for the Baccalaureate was no one preached at the sermon on Sunday night. Attendance at Sunday School was reported good, and there will be preaching services next Sunday and Sunday night.

Last week, Rev. Anderson, former pastor at Corinth, and resident of Aspermont, filled

the pulpit both services. Although we are few in numbers, we are hoping to soon get a pastor and do the best we can to keep our church going. There has been a Fairview church since 1888 and it will be a sad day indeed to see its doors closed, after what it has meant to our community all of these years. We have said it time and again, and it still stands, if you are not attending church any where, we would be very happy for you to come meet with us.

The Drake family has gotten the jump on every one else again in raising a garden. They report having been busy putting up berries, beans and English peas in their freezer. Most everyone's garden was injured by the hail and will be late in putting out.

Mrs. Buck Joiner and children came from Odessa, from Friday till Sunday, to visit relatives, including her parents, Mr. and Mrs. Charlie Durham and Mr. and Mrs. Elmer Joiner. Charles Joiner will stay for two weeks and visit with Larry McCoy.

Mr. and Mrs. Charlie Durham had four of their daughters visiting over the weekend. Mrs. Joiner, Mrs. Troy Rodgers, Mr. Donnie Holloway, all from Odessa and Mrs. Ted Armstrong, who is in the process of moving from Quanah to Hot Springs, Ark. They were all accompanied by their children, which made a nice crowd. Mr. Durham, who has been ill for some time is much improved.

Last week end Mrs. Henry reports that their son, Mr. and Mrs. W. C. Henry and daughter, from Elgin, spent several days with them.

Mr. and Mrs. Mel Jones visited with Mr. and Mrs. Elmer Joiner Friday night then Saturday night Mr. and Mrs. Fred Rosenbaum visited, Sunday afternoon Mr. and Mrs. Winson Gray visited them.

A letter from our former pastor, Rev. Derrel Lewis, and family, this Monday morning states that they are well and happy in their new home in Lubbock. We all wish for them the very best in life, and hope they will always remember their short stay with us as a pleasant interlude in their lives. They also ask that their address be changed on the Herald, so they can receive the news from Hamlin.

BAPTISTS TO LAUNCH DRIVE WITH LOYALTY DINNER JUNE 5

A Loyalty Dinner will be held by the First Baptist Church at 7:30 Wednesday evening, June 5, in the high school gymnasium as a part of the current every member stewardship canvass which is being headed by chairman, Fred B. Moore Jr. Men of the church will provide the program. A children's party at the church will be entertained with a film and games.

The campaign will be concluded with a victory service Sunday evening, June 16.

The first campaign was held three years ago when the church membership pledged to give \$300,000 to the operative budget and building fund in a 156-week period.

At the time of the initial campaign there was an indebtedness of \$12,000 on the educational unit built in 1957. Following the commitment, committees were appointed for planning the overall enlargement program which consisted of purchase of land, building of a new parsonage, moving and remodeling the former parsonage for a home for the music-education director, and the construction of a new auditorium, chapel, office, suites, additional classroom space and library.

The building was completed and used for the first time on February 11, 1962. Total expenditure for the program was \$270,000.

Records now reveal that more than 50% of the expenses incurred in the building program have been paid with \$330,000 being given during the three year period.

The church also reflects much progress in other areas as 325 additions to the membership have been made during the past 40 months. Also during the past three years, the overall average attendance in Sunday School has shown an increase of 80.

The church is now conducting a program of Stewardship Education which precedes the second every member canvass when three year commitments will be taken to the operative budget and the building fund from each family.

The Rev. Lenard Hartley, pastor, is serving as director of the campaign at the request of the deacons of the church.

Assisting General Chairman Moore will be J. C. Turner as

Dr. Richardson Tells Grads to Expect Change

by Kathy Hallmark

Dr. Rupert N. Richardson, senior professor of history and president emeritus of Harding-Simmons University, Abilene, as guest speaker for the Hamlin High School Commencement spoke to the 41 graduating seniors on the subject of "Changes." Dr. Richardson said that we have experienced more changes in the last 25 years than in the previous 5000 years. He stated also that many of these changes have been in the area of education as well as in material wealth and that no longer is the educated man shunned as in the days when "a gentleman never made more a C."

Lou Ann Hawkins, daughter of Dr. and Mrs. E. J. Hawkins, made the valedictory speech. Miss Hawkins said that an educated man was one who was observant enough to keep on learning all through his life, and that education was a

continuous cycle which begins at birth and stops at death still incomplete.

The Rev. Lenard Hartley, pastor, First Baptist Church, gave the invocation, and Mark Smith, salutatorian and son of Dr. and Mrs. M. L. Smith, made the welcoming address.

Also participating on the program was Mary Margaret Maberry, who sang "Recessional" by DeKavon. The class gift, a check for \$200, was presented by O. H. Weaver Jr., class president, and the processional and recessional was played by David Bingham, a junior student son of Mr. and Mrs. Carl Bingham.

The presentation of awards was made by B. V. Newberry, high school principal; C. F. Cook, superintendent of schools; and Fred B. Moore Jr., president of the Board of Education.

Mary Debs Rountree, daughter of Mr. and Mrs. Delbert Rountree, was recognized for having attended school for 12 years without ever being absent or tardy.

The ceremonies ended with the singing of the Piper Song.

Local FHA Installs Officers on May 20

The Hamlin Chapter of the Future Homemakers of America met on Monday, May 20, to install officers for 1963-64. Guests were the incoming 9th grade girls, Judy Jenkins and Cindy Stephens escorted the girls to the meeting.

Those installed by the president, Sandra Jayroe, were: President, Judy Fitzgerald; vice-president, Sue Johnson; secretary-treasurer, Candice Thompson; reporter, Mary Lois Patterson; parliamentarian, Ann Johnson; historian, Joyce Smith; song leader, Freida Ford; pianist, Jan Albright; and sergeant-at-arms, Elizabeth Cunningham.

Where applying the insecticide, Clayton also recommends applying sink to combat rosette. The two can be mixed together and applied in one application, he said.

Clayton recommended using 3% of 25% wettable malathion plus 3% of zinc pb 100 gallons of water. Wettable DDT powder, parathion or Sevin may be substituted for the malathion if desired.

The spray should be applied once or twice at about seven day intervals, says Clayton.

Tax Board Named

The School Board has appointed the Tax Equalization Board for the 1963-64 school year. The board is composed of Robert Fowler, J. E. Josey and Sam Ferguson.

STARTING NEW WAY OF LIFE SENIORS TOLD

The Rev. Jim Boswell, pastor of the First Methodist Church, in giving the Baccalaureate sermon Sunday night to Hamlin graduates stated that receiving the diplomas marked the beginning of a new way of life. He stressed that the young people will now be making decisions for themselves with less guidance from parents and teachers.

He advised them to choose their careers, life partners and fields of service carefully and learn the Bible teachings and live by Christian principles. He urged that Christian morals should be held uppermost in all their actions and undertakings.

The invocation was given by the Rev. W. G. Irwin, pastor of the Central Avenue Baptist Church, Mr. Thomas Cudd, minister of the Church of Christ, read the scripture and Rev. Cecil Stowe, pastor of the Church of the Nazarene, gave the benediction.

David Bingham played the processional and recessional. Herman McBride, S. L. Tate, Phil Smith and Marvin Carlton sang "How Great Thou Art," accompanied by David Bingham.

Time to Spray Pecan Trees; Agent

Now is time to spray for the pecan nut casebearer, according to information received this week from County Agent, Kirby Clayton. The eggs are beginning to hatch and the tiny nut casebearers are now feeding on the young shoots below the nutlets. While the insect is feeding on this young shoot is the proper time to apply control measures, says Clayton.

After the young worms feed on the young shoots and buds for a few days, they will begin to bore into the pecans and feed on them. When this happens, it is too late to get adequate control.

Where applying the insecticide, Clayton also recommends applying sink to combat rosette. The two can be mixed together and applied in one application, he said.

Clayton recommended using 3% of 25% wettable malathion plus 3% of zinc pb 100 gallons of water. Wettable DDT powder, parathion or Sevin may be substituted for the malathion if desired.

The spray should be applied once or twice at about seven day intervals, says Clayton.

Electric CO-OP MEMBERS ... a Billion Dollar Appliance Market

This young lady's fetching headgear represents part of ONE BILLION DOLLARS nationally electric cooperative members will spend this year for appliances and other electric equipment. In Texas, a staggering total of ONE HUNDRED MILLION DOLLARS will be spent for the same purpose.

In the nine county area served by Mid West Electric Cooperative these purchases will add up to more than \$1,600,000. Who made these purchases possible?

Rural people who had no electricity, borrowed money at interest and built the Midwest Electric Cooperative thus creating a portion of this fabulous appliance market.

Most anyone can tell you why Midwest Electric has been good for its members-owners.

But the Main Street Merchant can give you ONE BILLION REASONS why the electric cooperative has been good for everybody.

On Thursday, June 6, at 7 p.m. a film on tailoring and techniques will be shown in the homemaking department. The film shows the Bishop methods and anyone interested is invited to attend.

The skyline of New York, our largest city, is familiar to everyone. New York has buildings unmatched anywhere in the world, and also leads the nation in many industries. This great city typifies the success and abundance throughout our nation. God has blessed our nation.

And is every one that feareth the Lord; that walketh in his ways, For thou shalt eat the labour of thine hands: thou shalt be happy, and it shall be well with thee. Psalm 128:12

ATTEND CHURCH SUNDAY

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Since you don't gather much news spending most of your time in bed, the Fairview news will be short this week. Of course I could tell you about my operation, two weeks ago today, but I have found that at my age most people have had from one to three and aren't even interested in seeing my incision. Of course there was one uncle visiting me offered to let me see his scar, for a look at mine, but at that time I didn't feel up to looking, so passed the offer up. Seriously, if you have never been sick before, it takes a lot of patience to appreciate the little gain every day brings, but you know that if you stay with it you will be as good as new before too long.

I just want to take the opportunity here to say how much I appreciated all of the lovely flowers, gifts, cards and visits, while I was in the hospital and since coming home. You just wonder some times if you are worthy of all the friendship shown you, but you just resolve to do better yourself, which I hope I don't forget as soon as I am well again.

The big news out our way the past week has been the rain

that fell last Tuesday night. Four inches of rain, with a good hail accompanying it, wiped out all of the little crops that were up. Most of the wheat was out but that left in the fields received heavy damage, since the hail was small, just right for threshing wheat. This Monday morning the combines are beginning to roll again to salvage what is left.

Cotton was in all stages, from big enough to plow to just finished planting, but it is all gone now and every one will have to plant over. Terraces that had been repaired, or new ones built, are all washed down stream which all goes to prove that nothing is more destructive than a lot of water. Maize will put out, but right now it all look like sudam, it being stripped up so much.

Mrs. Joe Ford reports that they have about finished preparing their house inside and out, from the damage it received a few weeks ago in a storm. It seems that Friday night Mrs. Ford was trying to clean up from the repair men and was lucky enough to have several of her children drop in, and pitched in and soon had the job done.

Mrs. Flavel Holmes attended the graduating exercises for the eighth grade Friday afternoon. Linda Goodwin was the only one out our way to be on the list this year.

Mr. and Mrs. Mel Jones visited with Mr. G. W. Wainwright, in Stamford Hospital Saturday morning. They reported him as eating good, and seeming to be doing pretty well.

Since services are always dismissed for the Baccalaureate was no one preached at the sermon on Sunday night. Attendance at Sunday School was reported good, and there will be preaching services next Sunday and Sunday night.

Last week, Rev. Anderson, former pastor at Cornith, and resident of Aspermont, filled

the pulpit both services. Although we are few in numbers, we are hoping to soon get a pastor and do the best we can to keep our church going. There has been a Fairview church since 1888 and it will be a sad day indeed to see its doors closed, after what it has meant to our community all of these years. We have said it time and again, and it still stands, if you are not attending church any where, we would be very happy for you to come meet with us.

The Drake family has gotten the jump on every one else again in raising a garden. They report having been busy putting up berries, beans and English peas in their freezer. Most everyone's garden was injured by the hail and will be late in putting out.

Mrs. Buck Joiner and children came from Odessa, from Friday till Sunday, to visit relatives, including her parents, Mr. and Mrs. Charlie Durham and Mr. and Mrs. Elmer Joiner. Charles Joiner will stay for two weeks and visit with Larry McCoy.

Mr. and Mrs. Charlie Durham had four of their daughters visiting over the weekend. Mrs. Joiner, Mrs. Troy Rodgers, Mr. Donnie Hollaway, all from Odessa and Mrs. Ted Armstrong, who is in the process of moving from Quanah to Hot Springs, Ark. They were all accompanied by their children, which made a nice crowd. Mr. Durham, who has been ill for some time is much improved.

Last week end Mrs. Henry reports that their son, Mr. and Mrs. W. C. Henry and daughter, from Elgin, spent several days with them.

Mr. and Mrs. Mel Jones visited with Mr. and Mrs. Elmer Joiner Friday night then Saturday night Mr. and Mrs. Fred Rosenbaum visited, Sunday afternoon Mr. and Mrs. Winson Gray visited them.

A letter from our former pastor, Rev. Derrel Lewis, and family, this Monday morning states that they are well and happy in their new home in Lubbock. We all wish for them the very best in life, and hope they will always remember their short stay with us as a pleasant interlude in their lives. They also ask that their address be changed on the Herald, so they can receive the news from Hamlin.

The Ugly American Opens at Rogue

"The Ugly American" showing here at the Rogue Theatre Sunday through Tuesday stars Marlon Brando in a movie based on a true story. It is Brando's first suit-and-tie role as he portrays an ambassador to a Southeast Asia country.

Brando argues with his long-time friend, Elji Okada, who is now leader of the government opposition and a revolutionary. Now worlds apart, politically, they disagree about the U. S. Freedom Road, being sabotaged.
